

INSURANCE INFORMATION 2017

Pony Club Centre members are automatically covered for equestrian related personal liability insurance, 24 hours a day, in the same way as Branch Members.

A summary of cover, provided by Howden, is issued every year to each member. This gives full details of the cover. The current summary is enclosed for your information and should be kept in a safe place.

Please note that The Pony Club does not provide any insurance cover for the Linked Riding Centres and any claim for injury to a member or damage to the property of a member should be directed to your own Public Liability Insurers. The Pony Club require you to maintain such cover at an adequate level and you must ensure that ALL your Pony Club activities are covered.

If your liability insurers will not cover some Pony Club activities, e.g. camps or “away from centre” activities such as a visit to Badminton and we may be able to provide a competitive price for short period cover.

If any member should be involved in an incident for which there may be cover under The Pony Club Policy, could you please ensure that they report the matter to us immediately.
