THE PONY CLUB
DRESSAGE OBJECTIVES

a) The object of the Competition is to stimulate interest and enjoyment in Dressage and correct training of the horse, thereby encouraging Members to improve their riding by acquiring and establishing an independent seat, and a true knowledge of the aids.

b) The object of Dressage is the harmonious development of the physique and ability of the horse. As a result it makes the horse calm, supple, loose and flexible, but also confident, attentive and keen, thus achieving perfect understanding with his rider.

These qualities are revealed by:
   i) The freedom and regularity of the paces.
   ii) The harmony, lightness and ease of the movements.
   iii) The lightness of the forehand and the engagement of the hindquarters, originating in a lively impulsion.
   iv) The acceptance of the bridle, with submissiveness throughout and without any tenseness or resistance.

RULES
These rules are based on British Dressage current rules for Dressage Competitions.

Every eventuality cannot be provided for in these rules. In any unforeseen or exceptional circumstances or any other issue in connection with Pony Club Dressage it is the duty of the relevant officials to make a decision in a sporting spirit and to approach as nearly as possible the intention of these Rules. It is the competitor’s responsibility to ensure that they are complying with the Rules of the competition.

NOTE: Rules which differ from those of 2018 appear in red (as this note).
All rules are made by The Pony Club Volunteer Committees including consultation with others.

The Pony Club Office provides administrative support and any queries or questions relating to these rules must be directed to the Chairman of the relevant sport.

As a Member of The Pony Club, I stand for the best in sportsmanship as well as in horsemanship. I shall compete for the enjoyment of the game well played and take winning or losing in my stride, remembering that without good manners and good temper, sport loses its cause for being. I shall at all times treat my horse with due consideration.
PART I – GENERAL RULES FOR PONY CLUB DRESSAGE

1. DRESS

New equipment is not expected, but what is worn must be clean, neat, tidy and safe.

It is the competitor’s responsibility to ensure their dress complies with the Rules. Contravention may incur disqualification. Apart from Cross Country colours and silks, brightly coloured accessories must not be worn.

a) Hats

It is mandatory for all Members to wear a protective helmet at all times when mounted with a chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall. This rule defines the quality of manufacture that is required. The individual sports also have additional requirements with regard to colour and type. It is strongly recommended that second hand hats are not purchased.

The hat standards accepted as of 1st January 2019 are detailed in the table below:

- For cross-country riding (over 80cm) including Eventing, Tetrathlon, Horse Trials, Pony Racing (whether it be tests, rallies, competition or training) and Mounted Games competitions, a jockey skull cap must be worn with no fixed peak, peak type
extensions or noticeable protuberances above the eyes or to the front, and should have an even round or elliptical shape with a smooth or slightly abrasive surface, having no peak or peak type extensions. Noticeable protuberances above the eyes or to the front not greater than 5mm, smooth and rounded in nature are permitted. A removable hat cover with a light flexible peak may be used if required.

- It is strongly recommended that a jockey skull cap is worn for cross-country riding over lower fences (less than 80cm) as there is research evidence that a fall onto the fixed peak can result in an over extension of the neck backwards with the potential for serious injury.
- No recording device is permitted (e.g. hat cameras) as they may have a negative effect on the performance of the hat in the event of a fall.
- The fit of the hat and the adjustment of the harness are as crucial as the quality. Members are advised to try several makes to find the best fit. The hat should not move on the head when the head is tipped forward. Most helmet manufacturers recommend you visit a qualified BETA (British Equestrian Trade Association) fitter.
- Hats must be replaced after a severe impact as subsequent protection will be significantly reduced. Hats deteriorate with age and should be replaced after three to five years depending upon the amount of use.
- Hats, must be worn at all times (including at prize giving) when mounted with a chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall.
- For Show Jumping and Mounted Games the cover, if applicable, shall be dark blue, black or brown only.
- For Dressage, hats and hat covers must be predominately black, navy blue or a conservative dark colour that matches the rider’s jacket for Area competitions or above. The Pony Club Hat silk is also acceptable.
- The Official Steward / Organiser may, at his discretion, eliminate a competitor riding in the area of the competition without a hat or with the chinstrap unfastened or with a hat that does not comply with these standards.

**Hat Checks and Tagging**

The Pony Club and its Branches and Linked Centres will appoint Officials, who are familiar with The Pony Club hat rule, to carry out hat checks and tag each hat that complies with the requirements set out in the hat rule with an aquamarine Pony Club hat tag. Hats fitted with an aquamarine Pony Club, British Eventing (BE) or British Riding Club (BRC) hat tag will not need to be checked on subsequent occasions. However, The Pony Club
reserves the right to randomly spot check any hat regardless of whether it is already tagged. 
Pony Club (aquamarine) hat tags are only available to purchase from shop.pcuk.org.

Tagging indicates that a hat meets the accepted standards, NO check of the fit and condition of the hat is implied. It is considered to be the responsibility of the Member’s parent(s) / guardian(s) to ensure that their hat complies with the required standards and is tagged before they go to any Pony Club event. Also, they are responsible for ensuring that the manufacturer’s guidelines with regard to fit and replacement are followed.

b) Breeches – must be white, cream or beige.

c) Jackets – traditional jackets must be worn with a Pony Club tie or hunting stock. It is permitted to wear a Pony Club stock with any jacket. Jackets must be worn for the duration of the test. Jackets may be removed during warming up, provided the competitor is wearing a shirt that at a minimum covers the shoulders. Competitor numbers should be worn at all times.

d) Pony Club Badge – the official metal membership badge should be worn on the left lapel of the rider’s jacket.

e) Gloves – all competitors must wear gloves.

f) Hair – in the interests of safety, long hair should be secured appropriately.

g) Jewellery – for safety reasons, no jewellery (including “sleepers”) may be worn, other than medical jewellery, a wedding ring, a wristwatch, a stock pin worn horizontally, or a tie clip. Branch and Centre Members who are contemplating piercing their ears or any other part of their body should be aware that they will not be allowed to participate in Pony Club mounted activities until such time as the “sleepers” can safely be removed. The reason for this is that sleepers have in the past caused injuries following falls. This rule will be strictly enforced.

h) Spurs – may be worn at Rallies and other events. Any misuse of spurs will be reported to the DC/Centre Proprietor, Area Representative and Training Chairman; any reported riders will be recorded and monitored. Sharp spurs are not permitted. Only blunt spurs, without rowels or sharp edges, and spurs that have a smooth rotating ball on the
shank may be worn. If the spurs are curved, the curve must be downwards and the shank must point straight to the back and not exceed 4cm in length. The measurement is taken from the boot to the end of the shank. See also Rule 10.

i) **Footwear** – only standard riding or jodhpur boots with a well defined square cut heel may be worn. Plain black or brown half chaps may be worn with jodhpur boots of the same colour. Tassels and fringes are not allowed. No other footwear will be permitted, including wellington boots, yard boots, country boots, “muckers” or trainers.

Boots with interlocking treads are not permitted, nor are the boots or treads individually.

Stirrups should be of the correct size to suit the rider’s boots (see the Stirrup rule). Laces on boots must be taped for Mounted Games only.

j) **Body Protectors** – see Appendix B.

k) **Button Holes** – shall not be worn.

l) While **dismounted** in the collecting area, competitors must be tidily dressed but not necessarily in riding clothes.

m) At **prize giving**, mounted or dismounted, competitors must be correctly dressed in their competition riding clothes.

2. **SADDLERY AND EQUIPMENT**

New equipment is not expected, but what is worn must be clean, neat, tidy and safe.

It is the competitors’ responsibility to ensure that their tack is in accordance with the rules and that they present themselves for inspection. Any competitor who presents to compete in the wrong saddlery/equipment will not be allowed to compete until they decide to re-present in the correct saddlery/equipment. Any competitor who then changes their tack after the Tack Inspection will be disqualified from the competition.

The Official Steward has absolute discretion to forbid the use of any bit, gadget, spur or boot which he considers cruel or misused. Any misuse of a bit/bridle will be reported to the District Commissioner/Centre Proprietor, Area Representative and Training Chairman. Any reported riders will be recorded and monitored.
Any equipment not covered in these Rules must be referred at least two weeks in advance of the competition to The Pony Club Office to allow time for the Chairman of the Dressage Committee to be consulted. All tack must be correctly fitted. Disabled riders are welcome to apply to The Pony Club Office to use special equipment.

a) **Saddles** – brown or black saddles of plain English type with white, cream or dark coloured girths. Competitors wishing to use a side-saddle must notify the Organiser of the competition at the time of entry.

b) **Bridles and Nosebands** – black or brown bridles must be used. Double bridles can be used at Open level Dressage only. For safety reasons, leather bridles are recommended. Bridles/nosebands matching the diagrams below are permitted. Nosebands shown in 1, 3, 4 and 6 are not permitted for use with a double bridle. Diagram 5, when used as a double bridle, the lower strap (flash) of the nose band is not allowed. Nosebands must not incorporate chain or rope. Nosebands should be correctly fitted and should not cause discomfort.

![Diagrams of saddles and bridle nosebands](image-url)
c) **Numnahs, saddle cloths, pads** – any solid colour is permitted. Contrasting piping is permitted. Branch logos are allowed when competing for the Branch; logos must not exceed 200 sq. cm. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years. See also Rule 11.

d) **Stirrups** – stirrups should be of the correct size to suit the rider’s boots. They must have 7mm (¼”) clearance on either side of the boot. To find this measurement, tack checkers should move the foot across to one side of the stirrup, with the widest part of the foot on the tread. From the side of the foot to the edge of the stirrup should be 14mm.

Note: There are now many types of stirrups marketed as ‘safety stirrups’. All riders must ensure that their stirrups are suitable for their type of footwear, the activities in which they take part and that the stirrup leathers are also in good condition.

There are no prescribed weight limits on metal stirrups, however with the advent of stirrups of other materials, weight limits are seen to be given by manufacturers. Any person buying these stirrups, should, take particular notice if weight limits are on the box or attached information leaflets.

Neither the feet or the stirrup leathers or irons, may be attached to the girth, nor the feet attached to the stirrup irons.

e) The following are **not permitted**:
- bitless bridles or hackamores
- bitguards
- reins with elastic inserts or bridge reins
- martingales, Market Harborough’s and bearing, side, check or running reins of any kind (see grass reins rule below)
- blinkers of any kind, including sheepskin or leather cheek pieces
- humane girths (described as having non-independent straps that will loosen if one of the straps were to break).
f) **Grass Reins** – Grass reins are permitted at Pony Club rallies and competitions jumping up to 50cm or Walk and Trot Tests. Only those grass reins shown in diagrams 1 and 2 are permitted. Grass reins must be fitted to allow and not restrict the normal head position of the pony. The rein length must be sufficient to allow the pony to stretch over a small fence. Grass reins may be leather or synthetic material, if synthetic then a break point of leather or other suitable material must be included.

The ring of the bridoon bit must not exceed 8cm in diameter. If the curb has a sliding mouthpiece, the lever arm of the curb bit below the mouthpiece should not measure more than 10cm when the mouthpiece is at the uppermost position. The diameter of the mouthpiece of the bridoon and/or curb must be such as not to hurt the horse. Rigid bits coated in plastic are permissible in a double bridle however flexible rubber bits are not permissible.

   f) Whips are not allowed in the Dressage phase of an Eventing competition at PC100 and PC110.
4. **PENALTIES FOR CONTRAVENTING THE RULES**
Contravention of the rules will incur elimination. Under certain circumstances, instead of elimination, a 2-point penalty may be deducted at the discretion of the Dressage Judge, in collaboration with the Official Steward (if there is no Official Steward, then the Organiser may be consulted). The 2-point penalty would only apply to minor infringements that do not affect the performance of the horse, i.e. rider not wearing gloves, horse entering arena with tail bandage in place, etc. Points will be deducted from the final score and will not count as errors of course. There is a downloadable reference guide to penalties for contravening the rules available on The Pony Club website.

5. **ACTION AFTER A FALL**
Any competitor who has a fall or sustains a serious injury anywhere at the competition site should see the medical personnel on the day and be passed fit to ride before riding that horse in a further test or before riding any other horse.

6. **HEAD INJURIES AND CONCUSSION**
   a) **General Advice**
   Head injuries and concussion are life threatening and potentially life changing incidents. Serious head injuries are usually obvious, but concussion can be very subtle and not always immediately apparent.

   Head injuries result from a mechanical insult to the head, and can cause traumatic brain injury, possibly leading to permanent disability or death.
   Concussion is a disturbance in brain function caused by a direct or indirect blow to the head. Some people describe concussion as mild traumatic brain injury. Concussion should be seen as part of a spectrum of brain injury with traumatic brain injury at one extreme and no injury at the other. Typically concussion cannot be seen on standard brain scans, which makes it difficult to diagnose objectively. Repeated injury to the head can worsen an already pre-existing concussion, even if the time between injuries is counted in days or weeks.

   The Pony Club wants to ensure members / riders attending Pony Club activities enjoy themselves and get the most out of riding. At the same time, they must also balance that enjoyment with members’ / riders’ safety. This may mean on occasion that members / riders are asked not to ride by officials who believe they may have sustained a concussion either at the time of injury or from a previous injury (which may not have been sustained...
whilst riding). Parents / guardians, members, officials and other riders must respect this decision. It is a decision sometimes made without having objective evidence, but it is made in good faith and in the pursuance of avoiding further harm.

b) **Incidents that could cause head injuries or concussion**
Any member / rider who, at a Pony Club activity, suffers an incident that could cause head injury or concussion (for example, a fall from their horse / pony) should be assessed. Who does this assessment will depend on the first aid cover that is in place for that activity. Depending on the level of first aid cover then the exact process of diagnosing whether the member has suffered no head injury / concussion, a suspected head injury / concussion or a confirmed head injury / concussion will be slightly different. The process for diagnosing each option is talked through in more detail below.

From the assessment being carried out it may be immediately obvious that there is no cause for concern. In the course of Pony Club activities, The Pony Club is well aware that there are different kinds of falls and that assuming every fall leads to a head injury would be counterproductive to the aims of the organisation. We ask that reasonable care is taken to ensure members / riders have not sustained a serious head injury or concussion.

c) **Unconsciousness**
If a member / rider is unconscious following an incident they should be treated as if they are suffering with a confirmed concussion and the steps in points vii) below should be followed.

d) **Who can diagnose head injury or concussion?**
Diagnosis of a head injury or concussion (both confirmed and suspected) can be carried out by any level of first aid cover officiating at a Pony Club activity. These could be a trained or qualified first aider (including a coach), a paramedic or a doctor. If there is any doubt as to the diagnosis the member / rider should see the highest level of first aid cover that is present and they should make the diagnosis. If the first aid cover at the activity cannot reach a definite diagnosis then they should refer the member / rider to a hospital or a doctor off site for them to make a diagnosis.

It would be more usual for a trained or qualified first aider to say they suspect a head injury or concussion than to diagnose it themselves. If they are the highest level of first aid cover available at the activity that will mean the member / rider has to go off site to have the diagnosis made by a doctor.
The member / rider should not ride again until they have been seen by a doctor. This may mean that the rider will miss any part of an activity or competition.

d) **Actions to be taken in the event of a suspected head injury or suspected concussion diagnosis**
If a diagnosis of a suspected concussion or head injury is made by a first aider, they should advise the parents / guardians to take the member / rider to hospital.

Any member / rider who has been diagnosed with a suspected or confirmed head injury or concussion should not be left alone and must be returned to the care of their parents / guardians where appropriate.

Once a diagnosis of suspected head injury or concussion is made by the highest level of official first aid cover present at the activity, then that decision is final. No one may overrule that decision on the day if it is made in good faith. If a member / rider is advised to see a doctor because of suspected head injury or concussion and the parents / guardians decide not to allow the member to be examined (either at the activity or in hospital), the member will not be allowed to ride again on the day and will be treated as if they have sustained a confirmed head injury / concussion. Depending on the circumstances, the decision not to allow further examination may be considered a safeguarding issue.

Where a member / rider is diagnosed with a suspected concussion by a first aider or paramedic and that member / rider subsequently sees a doctor who is sure that they do not have a concussion and did not suffer a concussion and will provide evidence that they are satisfied that the member / rider is well, that member / rider will be treated as if they did not sustain a concussion.

e) **Actions to be taken in the event of a confirmed head injury or confirmed concussion**
In the event of a diagnosis of a confirmed head injury or confirmed concussion, the doctor will advise the member not to ride or take part in any activity that potentially involves hard contact for three weeks. They will advise the member that they could, after 10 days, ask a doctor, who is experienced in assessing concussion (including in children where appropriate), whether they have any concerns about any ongoing concussion problems. If that doctor is happy to certify that the member is not suffering with a concussion, the member may ride again, providing evidence regarding that
decision is provided. If no evidence that such an assessment has been made, the member should not take part in any Pony Club riding activity and/or any unmounted activity that may involve any hard contact for at least three weeks after the initial injury.

f) **Actions to be taken in the event of a diagnosis of a confirmed or suspected head injuries/ concussions outside of Pony Club activities**

The Pony Club has no official way of automatically knowing about members who sustain a confirmed or suspected head injury / concussion outside of Pony Club activities. A concussion may be sustained outside Pony Club activities, for example at riding activities organised by other BEF member bodies or at school football / rugby / hockey matches. It is for parents / guardians ultimately to make a decision about the welfare of their child.

However, if a Pony Club official in charge of any Pony Club activity becomes aware that a member has sustained a suspected or confirmed head injury / concussion and has been advised not to take part in any potentially hard contact activities for three weeks, they should not allow the member to take part in any mounted activities and/or any unmounted activities that could potentially involve hard contact for three weeks, unless the member or their parents / guardians can produce appropriate medical evidence of fitness to ride dated at least 10 days after the initial injury,

See Appendix C for Head Injury and Concussion Flowchart.

7. **SUSPENSION FROM COMPETING FOR MEDICAL REASONS**

If a rider is banned/suspended from competing in any sport for medical reasons, they should not compete at any Pony Club event until passed fit for the sport in which they are banned/suspended. It is the responsibility of the rider or parent/guardian to ensure that this rule is adhered to.

8. **UNSEEMLY BEHAVIOUR**

Unseemly behaviour on the part of riders, team officials, or team supporters will be reported as soon as possible by the Official Steward to The Pony Club Office. Offenders may be penalised by disqualification of the Branch or Branches concerned for a period up to three years. Any competitor, who in the opinion of the Official Steward, or Organiser, has been extremely rude or aggressive towards any officials at a competition, or who has behaved in an aggressive or unfair manner to their horse, may be disqualified.
9. PERFORMANCE-ENHANCING DRUGS
   a) **Equine – Controlled Medication.** It is clearly essential for the welfare of the horse that it is given appropriate veterinary treatment if and when required and that this should include appropriate medication. However, medication may mask an underlying health problem and horses should not compete when taking medication where such medication may have a detrimental effect on the horse’s welfare.
   b) **Human** – Performance-enhancing drugs are forbidden.
   c) All competitors should be aware that random samples may be taken for testing from both themselves and/or their horse. The protocol used will be that of the relevant adult sport.

Please also refer to The Pony Club Health and Safety Rule Book 2019 for The Pony Club Drugs Policy.

10. DISQUALIFICATION
The Official Steward or Chief Judge may disqualify a competitor at any stage of the competition:
   a) for dangerous riding, or
   b) if, in his opinion, the horse is lame, sick or exhausted, or
   c) for misuse of whip, spur or bit, or ill-treatment of the horse, or
   d) any breach of the rules, or
   e) for unseemly behaviour, including bad language.

11. SPONSORSHIP
In the case of competitors and horses, no form of advertising, and this includes a sponsor’s name, may appear on the competitor’s or horse’s clothing and equipment at any Pony Club competition. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years.

Sponsors at Area Competitions must not be business competitors of the main sponsors of the sport, and must be approved by The Pony Club Office. Any advertising material that is used by sponsors, whether it is in the form of display banners or programme material, must be tasteful, and not inappropriate to the image of The Pony Club.

12. INSURANCE
The Pony Club Third Party Legal Liability Insurance Policy is extended to give cover for all the official Area Competitions and the Championships. Details of this insurance are given in the “Administrative Notes” in the current issue of The Pony Club Handbook.
In the event of any accident, loss or damage occurring to a Third Party or to the property of a Third Party (including the general public and competitors) no liability should be admitted, and full details should be sent at once to The Pony Club Office.

13. HEALTH AND SAFETY
Event organisers have taken reasonable precautions to ensure the Health and Safety of everyone present. For these measures to be effective, everyone must take all reasonable precautions to avoid and prevent accidents occurring and must obey the instructions of the organisers and all the officials and stewards.

14. LEGAL LIABILITY
Save for the death or personal injury caused by the negligence of the organisers, or anyone for whom they are in law responsible, neither the event organisers or The Pony Club nor any agent, employee or representative of these bodies, nor the landlord or his tenant, accepts any liability for any accident, loss, damage, injury or illness to horses, owners, riders, spectators, land, cars, their contents and accessories, or any other person or property whatsoever, whether caused by their negligence breach of contract or in any other way whatsoever. The Rider Test – The Pony Club Dressage tests may be used for Rider Test classes. These classes should be judged using The Pony Club Rider Test sheets. They are a test of competence of the rider, correctness of their position and their influence on the horse.

16. **EXECUTION OF THE TEST**
All movements they contain must follow in the order laid down in the test. In a movement which must be carried out at a certain point of the arena, it is at the moment when the rider’s body is above this point that the movement must be executed. All tests will be ridden with both hands except where stated otherwise on the test sheets. Transitions may be progressive unless where stated otherwise on the test sheets. All trot work may be executed sitting or rising at the discretion of the rider.

17. **SALUTE**
All riders must take the reins and whip, if carried, in one hand when saluting and drop the other hand down by the side and bow with their head only.

18. **DISMOUNTING AND/OR FALL OF HORSE AND RIDER**
If, after the rider has entered the arena, he dismounts without a reason acceptable to the Judges, no marks will be given for the movement. In the case of a fall of horse and/or rider, the competitor will not be eliminated, but
will be penalised by the effect of the fall on the execution of the movement concerned and in the collective marks. (See rules 5 and 6)

19. **Resistance**
   a) Any horse failing to enter the arena within 60 seconds of the bell being sounded shall be eliminated.
   b) Any horse refusing to continue the test for a period of 20 consecutive seconds during the course of a test shall be eliminated.

20. **Grinding of Teeth and Tail Swishing**
Grinding the teeth and swishing the tail are signs of nervousness, tenseness, or resistance on the part of the horse and can be taken into account by the Judges in their marks for the movements concerned as well as in the appropriate collective mark at the end.

21. **Assistance**
   a) **The Voice** – the use of the voice is prohibited and will be penalised by the loss of two marks from those that would have been awarded for the movement in which this occurred.
   b) **Outside Assistance** – any outside assistance by voice, signs, etc. is considered as assistance to a rider or to his horse. A rider or horse receiving assistance must be eliminated.

22. **Leaving the Arena**
All riders must leave the arena in free walk on a long rein **at a convenient place** after performing a test. A horse is eliminated if, during a test, it leaves the arena when the surround is 23cm (9") high or more. Where the surround is less than 23cm (9") and is marked by boards or similar, no marks shall be given for the movement when the horse places all four feet outside the arena. Where the arena is marked by a line only or intermittent boards, it is left to the discretion of the Judges as to the marks deducted.

Any horse leaving the arena not under control will be eliminated and, for this purpose, the test begins when the horse enters at A and finishes with the final halt.

23. **Errors of Course or Test**
When a competitor makes an ‘error of course’ (takes the wrong turn, omits a movement etc.) the Judge warns him by sounding the bell. The Judge shows him, if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by himself. However, in some cases when, although the competitor makes an ‘error of course’, the sounding of the bell would unnecessarily impede the fluency of the performance it is up to the Judge to decide whether or not to sound the bell. In fairness to the competitor, it is recommended that the bell should be rung
when a movement is executed at the wrong marker, if there is the possibility of a similar mistake when the movement is to be repeated on the other rein.

If the Judge, for any reason, does not realise until the competitor has left the arena that one or more movements have been omitted he must:

a) Adjust as necessary the position of his marks and comments on his sheet to accord with the movements actually performed.

b) Give to each of the movements not executed a mark equal to the average of the collective marks entered at the bottom of his sheet (averaged to the nearest whole number, 0.5 to be rounded up).

c) Record the penalty for error of course.

When the rider makes an ‘error of the test’ (e.g. does not take the reins in one hand at the salute, etc.) they must be penalised as for an ‘error of course’. The Judge should put a star against the movement concerned and mark for an error at the bottom of the sheet.

Competitors are not to repeat a movement of the test unless the Judge at C decides on an error of course and sounds the bell. If, however, the rider has started the execution of a movement and tries to do the same movement again, the Judges must consider only the first movement shown and also penalise for an error of course. The penalty points are deducted on each Judge’s sheet from the total points given to the competitor.

24. PENALTIES FOR ERRORS OF COURSE

Every ‘error of the course’, whether the bell is sounded or not, must be penalised:

First Error 2 marks
Second Error 4 marks
Third Error 8 marks

(The points deducted are cumulative; after three errors of course 14 points are deducted).

Fourth Error Elimination

(After the fourth time the competitor may continue his performance to the end, the marks being awarded in the ordinary way).

25. RIDING THE WRONG TEST

A rider who starts the wrong test for the class may be allowed to restart the test (at the Judge’s discretion) subject to time at the end of the class. They will be penalised for a first error of course.
26. OFFICIALS AT DRESSAGE COMPETITIONS
At all Pony Club Dressage Competitions:
   a) An Official Steward should be nominated by the organiser (it may be the organiser if necessary).
   b) A steward should be appointed to check the tack of each horse, but the competitor remains responsible for complying with the rules for saddlery.
   c) The Official Steward has absolute discretion to forbid the use of any bit, gadget or spur which he considers cruel or misused.
   d) The Official Steward can eliminate any competitor.

27. COMPETITORS AT ALL DRESSAGE COMPETITIONS
Competitors will assist Stewards in the efficient running of events.
   a) Competitors are required to report their presence to the Tack Steward while riding in 20 minutes before their starting time, and being on hand nearer the time to receive the Steward’s signal to go to the arena.
   b) Competitors should ride where directed close to the arena, as soon as the previous competitor has made his exit.
   c) Competitors should ensure that they are conforming to all the rules of The Pony Club, particularly regarding dress and saddlery.
   d) Competitors should begin their test without delay on receiving the judge’s signal to start.
   e) On a signal being given for error or course, the judge shows the competitor, if necessary, the point at which he must take up the test again and the next movement to be executed.

28. TIME
The approximate time given on each test sheet is for guidance only; there are no penalties for exceeding it.

29. EXERCISE
   a) Competitors should exercise their horses in the area provided. They shall not exercise in the car park or horsebox area or among spectators. They must not enter or practise in the competition Dressage arenas on penalty of elimination.
   b) On the day of the competition, horses competing may be ridden only by their competitors, or in exceptional circumstances, and with the permission of the Official Steward, by another member of the same team.
   c) While exercising any horse, whether competing or not, at a Pony Club competition, it is permissible to use only the saddlery allowed for Pony Club Dressage competitions.
   d) Lunging of a horse is only permitted in areas designated by the organiser who may also prohibit it completely at their discretion.
If allowed, lungeing may be carried out by either the rider or other persons. Lungeing of a horse and rider is prohibited.

e) When riding in, especially in restricted areas:
   i. Pass left hand to left hand when meeting another rider coming towards you. Don’t pass so close as to upset either horse.
   ii. Make tack adjustments in a safe area without causing an obstruction.
   iii. Trainers and other pedestrians should endeavour to stand out of the way of competitors.

30. RIDING IN ARENAS

No horse, either ridden or led, may enter any arena, other than the practice arena, except when actually competing in a contest, on penalty of elimination. Competitors must wait until the Judge has sounded the horn, rung the bell, or in some other way signified that he may start, before entering the arena. Failure to do so may lead to elimination. Should the construction of the arena make it impossible for the competitor to ride round the outside before the Judge’s signal to enter is sounded, he may on the instruction of the Organiser and/or Judge, ride inside the arena.

31. COMMANDERS

   a) Commanders are permitted in all classes except for the Novice, Intermediate and Open Area Competitions and Championships and Eventing competitions at PC80, PC90, PC100 and PC110.
   b) Commanders are not allowed for the Winter League Area Competitions or Championships
   c) Commanders are not allowed for the Regional Championships but are permitted for Qualifiers.
   d) Where commanders are allowed it is the responsibility of the competitor to ensure that only the printed text or extracts therefrom are read out and that there is no emphasis on any part of the command. Failure to observe this rule may entail elimination.
   e) Repetition of any part of the text may incur an error of course if used to redirect a competitor in process of making an error.
   f) Commanders may be introduced partway through a test at the Judge’s discretion but only at Branch level.
   g) Commanders may not stand inside the arena.

32. LAMENESS

In the case of marked lameness, the Judge informs the rider that he is eliminated. There is no appeal against this decision. If there are any doubts as to the soundness of a horse, the competitor will be allowed to complete the test and any unevenness of pace will be severely penalised.
33. SCORING – METHOD
The Judge may allot from 0-10 marks for each numbered movement. These marks are then added together and any penalty marks are deducted. It is essential that all penalty marks are deducted from the individual totals before these are added together.
The Judges' marks are totalled to find the final marking. In the event of equality of total marks, the collective marks should be added together and the competitor with the higher collective marks shall take the higher placing. If the total of the collective marks is also equal then the mark for 'Submission' should be consulted and the competitor with the higher mark shall take the higher placing. If the mark for Submission is also equal the competitors concerned shall be given the same placing.

The mark and the percentage should then be displayed on the scoreboard in two separate columns. Crib sheets are available to purchase from The Pony Club Office.

Team competition results – When all the tests have been totalled, the competitors in each arena shall be placed in order. Points shall be awarded to each team competitor depending on their placing (1st =1 point, 2nd = 2 points etc. for the whole arena). Any competitors riding as an individual in the same arena as team competitors should not be given points. The points for the three best-placed team members shall be added together to give the team score. The winning team will be the team with the least points. In the event of equality of team scores, the collective scores of the three best team members are added together, the highest-placed team is the one with the highest collectives. If the total of the collective marks is also equal then the mark for 'Submission' should be consulted and the team with the higher mark shall take the higher placing. If the mark for Submission is also equal the teams concerned shall be given the same placing.

34. SCALE OF MARKS
The Scale of Marks is as follows:

10 – Excellent 6 – Satisfactory 2 – Bad
9 – Very good 5 – Sufficient 1 – Very bad
8 – Good 4 – Insufficient 0 – Not executed
7 – Fairly good 3 – Fairly bad

The marks 10 and 0 must be awarded where the performances warrant their use.
By ‘not executed’ is meant that nothing which is required has been performed.
Half marks may be used for all Pony Club Dressage competitions, including for Eventing competitions.
PART II – ADMINISTRATIVE RULES FOR AREA COMPETITIONS AND CHAMPIONSHIPS

All rules for Area Competitions apply to Open, Intermediate, Novice and Regional Championship Qualifiers except where stated.

37. VACCINATIONS
This rule applies to all competitions at Area Level and above:

N.B. Events that are held at other venues may be subject to additional specific rules. e.g. Any horse/pony entering a Licensed Racecourse Property MUST comply with the Vaccination requirements as set by the British Horseracing Authority. Similar restrictions apply in the cases of certain polo venues. In addition, if you are intending to compete under FEI Rules you will need to ensure you are compliant with those Rules.
a) Passports
A valid passport and vaccination record:
  ∙ must accompany the horse/pony to all events
  ∙ must be available for inspection by the event officials
  ∙ must be produced on request at any other time during the event

b) Subject to paragraph 6 below, no horse/pony may take part in an event (which includes entering competition stables) unless it has a Record of Vaccination against equine influenza which complies with the Minimum Vaccination Requirements.

c) The Minimum Vaccination Requirements for a horse/pony are:
   i. if the current vaccination programme started BEFORE 1 January 2014 that it has received:
       ∙ a Primary Vaccination followed by a Secondary Vaccination given not less than 21 days and not more than 92 days after the Primary Vaccination; and
       ∙ if sufficient time has elapsed, a booster vaccination given not less than 150 days and not more than 215 days after the Secondary Vaccination and further booster vaccinations at intervals of not more than a year apart

   PROVIDED THAT if all annual boosters given AFTER 31 December 2013 have been given correctly, any error with the first booster vaccination or an annual booster given BEFORE 1 January 2014 may be ignored

   ii. if the current vaccination programme started AFTER 31 December 2013 that it has received:
       ∙ a Primary Vaccination followed by a Secondary Vaccination given not less than 21 days and not more than 92 days after the Primary Injection; and
       ∙ if sufficient time has elapsed, a booster vaccination given not less than 150 days and not more than 215 days after the Secondary Vaccination and further booster vaccinations at intervals of not more than a year apart.

   d) The Record of Vaccination in the pony’s passport must be completed by a veterinary surgeon, signed and stamped line by line

e) No horse/pony whose latest booster vaccination is more than 14 days overdue may take part in a competition under any circumstances.
f) Notwithstanding the above in cases where the Event Veterinary Officer, following consultation with The Pony Club Steward, is satisfied that the presence of the horse/pony at the event does not pose a threat to bio security at the event, that horse/pony may nonetheless take part in the event on such conditions as the Event Veterinary Officer considers appropriate, but the circumstances must be noted on the certificate. Any horse/pony allowed to compete under this discretion must be re-vaccinated to comply with the Minimum Vaccination Requirements and the certificate duly completed before it is eligible to compete again.

g) No pony may compete on the same day as any relevant vaccination is given or on any of the 6 days following such a vaccination.

   Open to the top 6 teams from each Regional Championship qualifying class and the first 4 individuals in each section not in one of the qualifying teams.

f) **Ride-Offs**
   Following the team and individual competition at the Championships, there will be a ride-off to determine the overall individual winner. The ride-off is open to the competitors placed first and second in each arena at the Championships.

g) **Teams/Individuals Unable to Compete at the Championships**
   Should a qualified team/individual be unable to compete at the Championships, the next team/individual down the line may compete providing the substitution is made to The Pony Club Office before 12 noon on Monday 13th August. Branches or individuals not able to go forward to the Championships must inform the Area Competition Organiser immediately so that the qualifying documents can be handed without delay to the next highest-placed team/individual who is able to compete at the Championships. If a TEAM ceases to be eligible following withdrawals (fewer than three Members remaining), the team place would then be passed down the line, as long as the withdrawals are made by 12 noon on Monday 14th August. The remaining individual/s from the team may retain their place/s.
43. JUDGES

a) Area Competitions – the Area Organiser shall appoint Judges (one per arena) who must be on the British Dressage Judges Panel Lists 1-4 for Open Area Competitions and Lists 1-6 for Novice and Intermediate Area Competitions. The Senior Judge shall serve on the Jury of Appeal.

b) Regional Championships – the Area Organiser and Regional Championship Organiser shall appoint Judges (one per arena) who must be on the British Dressage Judges Panel Lists 1-6.

c) Championships – Judges shall be appointed by The Pony Club Office, all of whom should be on Lists 1, 2a, 2 or 3a for Open Championships, Lists 1, 2a, 2, 3a, or 3 for Intermediate Championships or Lists 1-4 for Novice Championships. (See also Rule 44).

d) Inspection of Arenas. It is the ultimate responsibility of the Judges to check that the arenas are satisfactory and to have them modified at their discretion.

44. METHOD OF JUDGING

At Area Competitions there shall be one Judge per arena (See also Rule 43). At the Championships there shall be two Judges per arena in the Open Competition and one Judge per arena for Intermediate and Novice. Five of the Open Judges shall judge the Open individual ride-off, three of the Intermediate/Novice Judges shall judge the Intermediate/Novice individual ride-off and two of the Regional Championship Judges shall judge the individual ride-off.

Judges shall complete their own sheets which are added together to give the total for each competitor. For the Team Total, see Rule 33.

45. TIES

In the event of a tie the collective marks (paces, impulsion, submission and rider position) shall be totalled to decide the highest-placed individual competitor. In the team competition the collective marks of the three team members with the best results shall be added together to decide the highest-placed team. In either case, if the collective marks are equal the result shall be declared a tie. If two teams or individuals tie for a qualifying place, all parties concerned shall qualify.
46. ORDER OF RIDING
   
a) Competitors will be allocated to arenas in the order that they appear on the declaration form.

b) **Area Competitions:**
   
i. Where the total number of competitors is less than 32, it is strongly recommended that no more than two arenas are used.
   
ii. Where two arenas are to be sufficient, the first two members of each team shall compete in arena A and the third and fourth members of each team in arena B. Additional individuals shall be divided equally between the two arenas.
   
iii. Where four arenas are required, one member of each team shall compete in each arena, and additional individuals shall be divided between the four arenas.

If the Organisers are unable to provide four arenas, the first two members should compete in two separate arenas in the morning and the third and fourth members in the same arenas but with different Judges in the afternoon.

c) **Open, Intermediate, Novice and Regional Championships** – there shall be four arenas for the teams, with one member of each team competing in each. The individuals will be allocated to a fifth and sixth arena (not applicable for the Regional Championships). The Judges will be at C and B/E for the Open.

d) **Open, Intermediate, Novice and Regional Championships Ride-off** – to obtain the Individual Open/Intermediate/Novice/Regional Championship winner, the highest and second highest-placed competitor in each arena shall ride off against each other, before five/three/three/two Judges, in one arena. The ride-off order will be drawn.

47. OFFICIAL STEWARD
The Pony Club Dressage Committee shall appoint an Official Steward for each Area Competition and for the Championships. He should ensure well in advance that the site chosen for the competition is suitable. He shall be present on the day of the competition to ensure that it is conducted in accordance with the Rules, and to give what help and guidance may be required. He should check the Dressage arenas in advance to see that they comply with the rules and regulations.

In consultation with the Organiser, he shall appoint the Senior Judge. At the end of the competition he is responsible for ensuring that the final results sheet is completed and signed.

The Official Steward shall adjudicate on any unforeseen eventualities.
48. JURY OF APPEAL
   a) **Area Competitions and Intermediate/Novice Championships** – the Jury shall consist of the Official Steward, the Senior Judge and the Organiser.
   b) **Open Championships** – the Jury shall consist of the Official Steward, two Judges and a Member of the Dressage Committee, nominated by the Official Steward.
   c) All Members of the Jury of Appeal must remain on the ground until half an hour after the scores have been published.
   d) The Official Steward may appoint a replacement for any Member of the Jury if the need arises.

49. BRANCH REPRESENTATIVES
If the District Commissioner of a competing team or individual is unable to be present at the competition, he or she must inform the Organiser of the Area Competition or Secretary at the Championships, in writing, of the name of the person appointed to be his or her representative. Representatives must carry with them a copy of the District Commissioner’s letter of appointment.

50. PROTESTS AND OBJECTIONS
Apart from the Official Steward, the Area Representative and officials of the competition, only District Commissioners or their Appointed Representatives are entitled to lodge protests or objections, which must be made in writing and addressed to the Organiser of the Area Competition, or Secretary of the Championships. They must be accompanied by a deposit of £50 at either Area or Championships, which is forfeited unless the Jury of Appeal decides that there were good and reasonable grounds for them. Protests or objections must be made not later than half an hour after the scores have been published. The Official Steward/Organiser shall give his decision in the first instance. If this is not accepted, the Jury of Appeal shall give their decision after investigation and this decision is final.

51. COMPETITORS WITH MEDICAL CONDITIONS
Competitors with medical conditions of any type should be dealt with sympathetically. Should a condition be noted on the entry form, it would be dealt with by the Official Steward.
52. DRESSAGE ARENAS
   a) Arenas (see diagrams on pages 73 and 74) are either 40 metres by 20 metres or 60 metres by 20 metres and should be on flat and level ground, separated from the public or the next door arena by preferably 20 metres, but at least 10 metres. Arenas can be either on grass or on a surface.
   b) The arena may be marked by either a continuous surround of white boards or rope, or by intermittent white boards, placed at each corner and opposite each marker, with a centre line mown from A to C. Where ropes are used to mark the arena, at least six breaking points must be incorporated in case of accidents.
   c) Markers. The outer markers must be clearly visible with the letters displayed in black or white. They should be placed about 50cm outside the arena. A gap of about 1m each side of the centre line must be left at A to form an entrance and the A marker placed far enough back, 10m if possible, to allow the horses to enter the arena on a straight track. Crosses, preferably mown, shall be made through the centre line at X, G and D.
   d) Flowers and trees (if used) should be placed further back than the markers.
   e) The arena(s) should be enclosed with rope or string and stakes not less than 10m but preferably 20m from the arena(s) on all sides.

53. EXERCISING AREA
   It is important to provide a level area where competitors can exercise and warm up their horses without interfering with the competition and clear of the car and horsebox parks and spectators. If possible there should be a practice arena, which should be marked.
54. **EQUIPMENT**

Judges normally judge from their own cars. If not, a suitable one must be available, placed in line with the centre line approximately 5 metres from C.

Equipment required:
- Bell, whistle or car horn (varied if arenas are close to each other)
- Stopwatch or watch with good second hand to time any resistance by a horse
- Board and pen for the writer
- Judge’s marking sheets.
- A copy of this Rule Book.
- List of competitors and their times of starting the test.

55. **MEDICAL AND VETERINARY**

a) Medical – Please refer to the current Pony Club Health and Safety Rule Book. More details can also be found at pcuk.org.

b) Veterinary
   i. Branch Activities and Competitions – If a vet is required the Member’s parent will normally call their own vet and arrange treatment.
   ii. Area Competitions – Arrangements should be made for a Veterinary Surgeon to be ‘on call’ and able to attend the site in a reasonable time. The telephone number should be noted in the Secretary’s Tent.
   iii. In all instances the owner of the horse shall be responsible for the cost of the veterinary treatment provided.
   iv. A tarpaulin should be available to cover a horse should one be killed, and the telephone number of the Hunt Kennels or Knacker noted in the Secretary’s Tent. See the Health and Safety Rule Book for further information.

c) Vaccinations – refer to rule 37.

56. **SCORERS**

It is most important that scores are published as soon as possible. Where there are two arenas, at least two good scorers are therefore essential, and where there are four arenas, at least three (preferably four) scorers, plus a scoreboard writer in both cases. The scorers’ caravan/horsebox should be situated close to the scoreboard, but not so close that the scorers are disturbed.

The score-sheets should be collected quickly and efficiently after each horse/pony has completed its test.
A Chief Scorer should be appointed and he/she should make preparations before the day of the competitions. A list of competitors should be obtained from the Organiser and from this a note made of:

- Competing teams.
- Individuals in each arena, whether in a team or not.

If records of the above three categories are written in as the competition progresses, and score-sheets filed in order of merit, final scores can quickly be calculated and awards presented.

Where scores are equal, it is a help if the ‘Collective Marks’ are added together as the day progresses, and the total written at the foot of the score-sheet, so that if the competitors are in the placings the Chief Scorer can quickly see in which order they should be placed. Individual percentages should also be noted both on the score-sheet and on the scoreboard – a ready reckoner is available from The Pony Club Office.

57. ARENA STEWARDS
For ease of identification, Arena Stewards should wear tabards or numbers denoting the arena for which they are responsible.

58. TACK CHECK STEWARD
In addition to the Arena Stewards, Organisers shall appoint an experienced person to check that competitors’ saddlery, in particular bits and dress, are in accordance with the Rules. If the bit in use is in question the trainer/groom can be asked to open the horse’s mouth (this can be done before or after the test at the rider’s discretion). Alternatively the bridle can be removed following the test.

59. TIMING
a) Between the start of each competitor’s test, Organisers should allow 2 minutes longer than the approximate time to complete the test shown on the test sheet i.e. for Pony Club Open Dressage 2015, approximate time is 5½ minutes; time between competitors is 7½ minutes (so use 7 and 8-minute intervals alternately).

b) Competitors shall report to the Tack Check Steward 30 minutes before the time allotted for their test. Failure to do so may incur elimination. They should also report to their Arena Steward 20 minutes before their allotted time.
60. **FINANCE**
Charges for car and coach parking, admissions to the ground and programmes are left to the discretion of the Organiser. Although competitors and their District Commissioners or Appointed Representatives should be admitted free to the ground, they could well be charged for ringside parking places. It is hoped that every effort will be made to keep costs to a minimum and to show a profit which the organising Branch (or Branches) may retain for their own use.

61. **JUDGES’ SHEETS**
District Commissioners, their Representative on the day or Team Trainers shall be given the Judges’ sheets on the completion of the contest when the Judges have sanctioned their distribution and all scores have been published. (The time will be noted on the Board). Organisers should ask for a stamped addressed envelope from competitors who wish to leave before their Dressage sheet is available.

62. **PROGRAMME**
A programme shall be provided for sale to spectators and competitors, the Sponsor’s name shall be included in the heading. It shall give the competitor’s number, fore and surname, age (as of 1st January of current year), Branch, name of horse and owner of horse. Columns for writing down the scores are appreciated by spectators. The names of the Official Steward, Judges and the Jury of Appeal should be given. Additional space, if any, might well be devoted to a brief description of Dressage, the names of other officials, and an outline of the work of The Pony Club. It is a good plan to print in the programme the date and place of the Championships and to state which competitors shall qualify to take part (See Rule 42). Advertisements from local firms can provide a source of revenue.

63. **SIGNPOSTING**
The site of the competition should be clearly signed.

64. ** ALLOCATION TO ARENAS**
Competitors will be allocated to arenas in the order that they appear on the declaration form. Members of the same family should NOT be allocated to the same arena, if at all possible.

65. **HEALTH AND SAFETY**
In accordance with The Pony Club Health and Safety Rule Book, the Organiser or a representative must carry out an inspection of the competition site prior to the competition and complete a Pony Club competition risk assessment check list.
66. COMPOSITION
The Dressage and Jumping Tests which make up a Dressage with Jumping Competition shall be taken in that order. The same horse and rider shall complete both tests, and elimination from one test results in elimination from the whole competition.

67. JUDGES
There shall be one or more Dressage Judges, drawn from the British Dressage Official List, and one Show Jumping Judge, preferably from the BS panel.

SECTION 1 – DRESSAGE
68. RULES
The conditions laid down on the Test Sheet (British Dressage, British Eventing or Pony Club) shall apply.

69. SCORING
On each Judge’s Sheet the marks allotted for each movement shall be added and any penalties for errors of course deducted. If there is more than one Judge their scores are averaged. The final score is converted to a percentage. This figure is then subtracted from 100 to show the rider’s penalty mark.

70. JUDGES’ SHEETS
The Judges’ marking sheets shall be given to competitors at the end of the competition.

SECTION 2 – JUMPING
71. RULES
The Jumping test consists of one round of the course, Judged under BS Rules Table A1, except where modified below. There is no jump-off.

72. COURSE
The course shall be approximately 460m long, with the obstacles so placed that the average horse, going smoothly, should meet them in his stride. Red and white boundary flags mark the start and finish, but need not be used to mark the extremities of the obstacles provided these are clearly defined. A plan of the course, showing the time allowed, shall be posted up not less than one hour before the jumping commences. The course shall be available for inspection at least half an hour before the start of the test.
73. OBSTACLES
There shall be approximately 8 to 12 numbered obstacles, including at least one double, as solid and as imposing in appearance as available materials allow.

a) Open – No obstacle shall exceed 1.10m (3'7") in height or spread at the highest point and 1.80m (6') at the base except for two which may be 1.15m (3'9") in height, but must not be in combinations.

b) Novice – No obstacle shall exceed 90cm (2'11'') in height or spread at the highest point and 1.25m (4'1'') at the base except for two which may be 95cm (3'1'') in height, but must not be in combinations.

74. SPEED
The time allowed is based on a speed of 325m per minute.
N.B. The time taken by each competitor must be recorded, even if it is within the time allowed, as this may be the deciding factor in the event of a tie.

75. PENALTIES
First disobedience in whole test 4 penalties
Second disobedience in whole test 8 penalties
Third disobedience in whole test Elimination
Knocking down an obstacle 4 penalties
Fall of rider 8 penalties
Second fall of rider Elimination
Fall of horse Elimination
For every commenced second in excess of time allowed 1 penalty

GENERAL RULES
76. DRESS AND SADDLERY
a) Dressage. See Rules 1 and 2.

b) Jumping. Please refer to The Pony Club Show Jumping Rule Book.

77. WHIPS
a) Dressage. The carrying of a whip is permitted. See Rule 3.

b) Jumping. May not exceed 75cm (29½in).

78. SCORING – OVERALL RESULT
The rider’s Dressage penalties are added to the Show Jumping penalties and the result shall be the final score for each competitor. The competitor with the lowest final score is the winner.
If the final score gives equality of penalties to two or more competitors, the classification shall be decided by the lowest penalties in the Dressage test. If there is still equality, the fastest time in the Jumping test will determine the result.

RULES FOR ALL PONY CLUB FREESTYLE DRESSAGE TO MUSIC COMPETITIONS

To be run in accordance with Pony Club Dressage rules.

1. Open to all current Members of The Pony Club. See competition schedule for specific rules for eligibility. There shall be no height limit.
2. Competitions may be run in either a 20x40m or 20x60m arena. Arena size must be displayed on the schedule and entry form.
3. The test may be performed in any sequence, but must show the movements shown on the test sheet. There must be a halt at the beginning and end of the test on the centre line facing the judge.
4. When ponies/horses compete as a pair they may separate during the test but the majority of the test should be ridden together as a pair.
5. The test may not contain movements above the standard of The Pony Club Dressage test indicated on the test sheet. If included marks may be deducted.
6. The test should not be of more than 5 minutes duration. The time is taken from the exact moment when the pony(ies)/horse(s) move(s) forward from halt at the beginning. The test finishes with a halt and salute anywhere on the centre line.
7. The music may start either before the entry at 'A' or after the first halt and shall be provided by competitors on their own CDs or tapes containing only the music for this particular competition. It is recommended that a second CD or tape is kept by the competitor to act as a backup. Competitors need to be aware that some CDRW discs cannot be read by all CD players so it is advisable to use CDR discs.
8. Failure to complete the test in the allotted time will not incur time faults but may be taken into consideration when marking the 'Artistic Marks'.
9. There are no errors of course and the bell must not be rung should a rider make an obvious mistake but points may be deducted under ‘Artistic Marks’.
10. The test should be interesting and pleasing to watch.
11. In the case of a technical failure which interferes with the competition, the judge at C will ring the bell. In the case of the rider’s music failing, skipping or jumping during a test, the rider may make one request to restart or the judge can suggest that they restart. When possible, the restart should be immediate but if not the rider should return to complete or restart their test during a scheduled break or at the end of the competition. During extreme weather conditions or other extreme situations, the judge at C may ring the bell for interruption of the test. The rider should return to complete their test when conditions permit. It is up to the rider whether to restart the test from the beginning or to commence from the point the music failed. In either case, the marks already given to the point.

APPENDIX B – BODY PROTECTOR RULE

The Pony Club does not make the use of body protectors compulsory, except for all Cross Country riding and Pony Racing whether it be training or competing. Body Protectors used for Cross Country and Pony Racing must meet BETA 2009 Level 3 standard (purple label) or BETA 2018 Level 3 standard (blue and black label) – see below.

For general use, the responsibility for choosing body protectors and the decision as to their use must rest with Members and their parents. It is recommended that a rider’s body protector should not be more than 2% of their body weight. When worn, body protectors must fit correctly, be comfortable and must not restrict movement. BETA recommend body protectors are replaced at least every three to five years, after which the impact absorption properties of the foam may have started to decline. BETA 2009 Level3 (purple label) body protectors will continue to be accepted at Pony Club competitions until 1st December 2024.

Riders who choose to use the Woof Wear Body Cage EXO must lodge a key with the Event Organiser when they collect their number.

Air Jackets
When an air jacket inflates the sudden noise startles horses in the immediate vicinity thereby causing difficulties for the other members of a ride if used in a group ride in a confined area, e.g. an indoor school or outdoor manége. Air jackets are therefore not encouraged for group rides.

If a rider chooses to wear an air jacket in Cross Country or Pony Racing, it must only be used in addition to a normal body protector which meets the BETA 2009 Level 3 standard (purple label) or BETA 2018 Level 3 standard (blue and black label). Parents and Members must be aware that riders may be permitted to continue after a fall in both competition and training rides for Cross Country and/or Pony Racing, provided the rider has been passed as fit to continue by First Aid Providers. In the event of a fall, it must be fully deflated or removed before continuing, after which, the conventional body protector will continue to give protection. Air jackets must not be worn under a jacket and number bibs should be fitted loosely or with elasticised fastenings over the air jacket.
